## Tire Distribution Profile

(Mining & Construction)

WWW.FOSTERAPC.COM

# WELCOME TO OUR COMPANY

Foster APC is an Azerbaijan based Construction and Trading Company established in 2022. We provide general contracting, Material Supply, Supply chain management Services, Project management and maintenance services, to deliver a first-class experience for our clients across Mining, Construction and O&G Sectors.

We are committed to building a sustainable future by fostering a collaborative spirit that creates exceptional experiences, balanced relationships, and community built environment.

# WHAT DO YOU KNOW ABOUT OUR COMPANY?

Foster APC is a reputable tire supplier based in Azerbaijan, committed to meeting the diverse needs of the mining and construction industries.

Our company has garnered a strong reputation for reliability, efficiency, and customer satisfaction, making us the preferred choice for tire solutions.

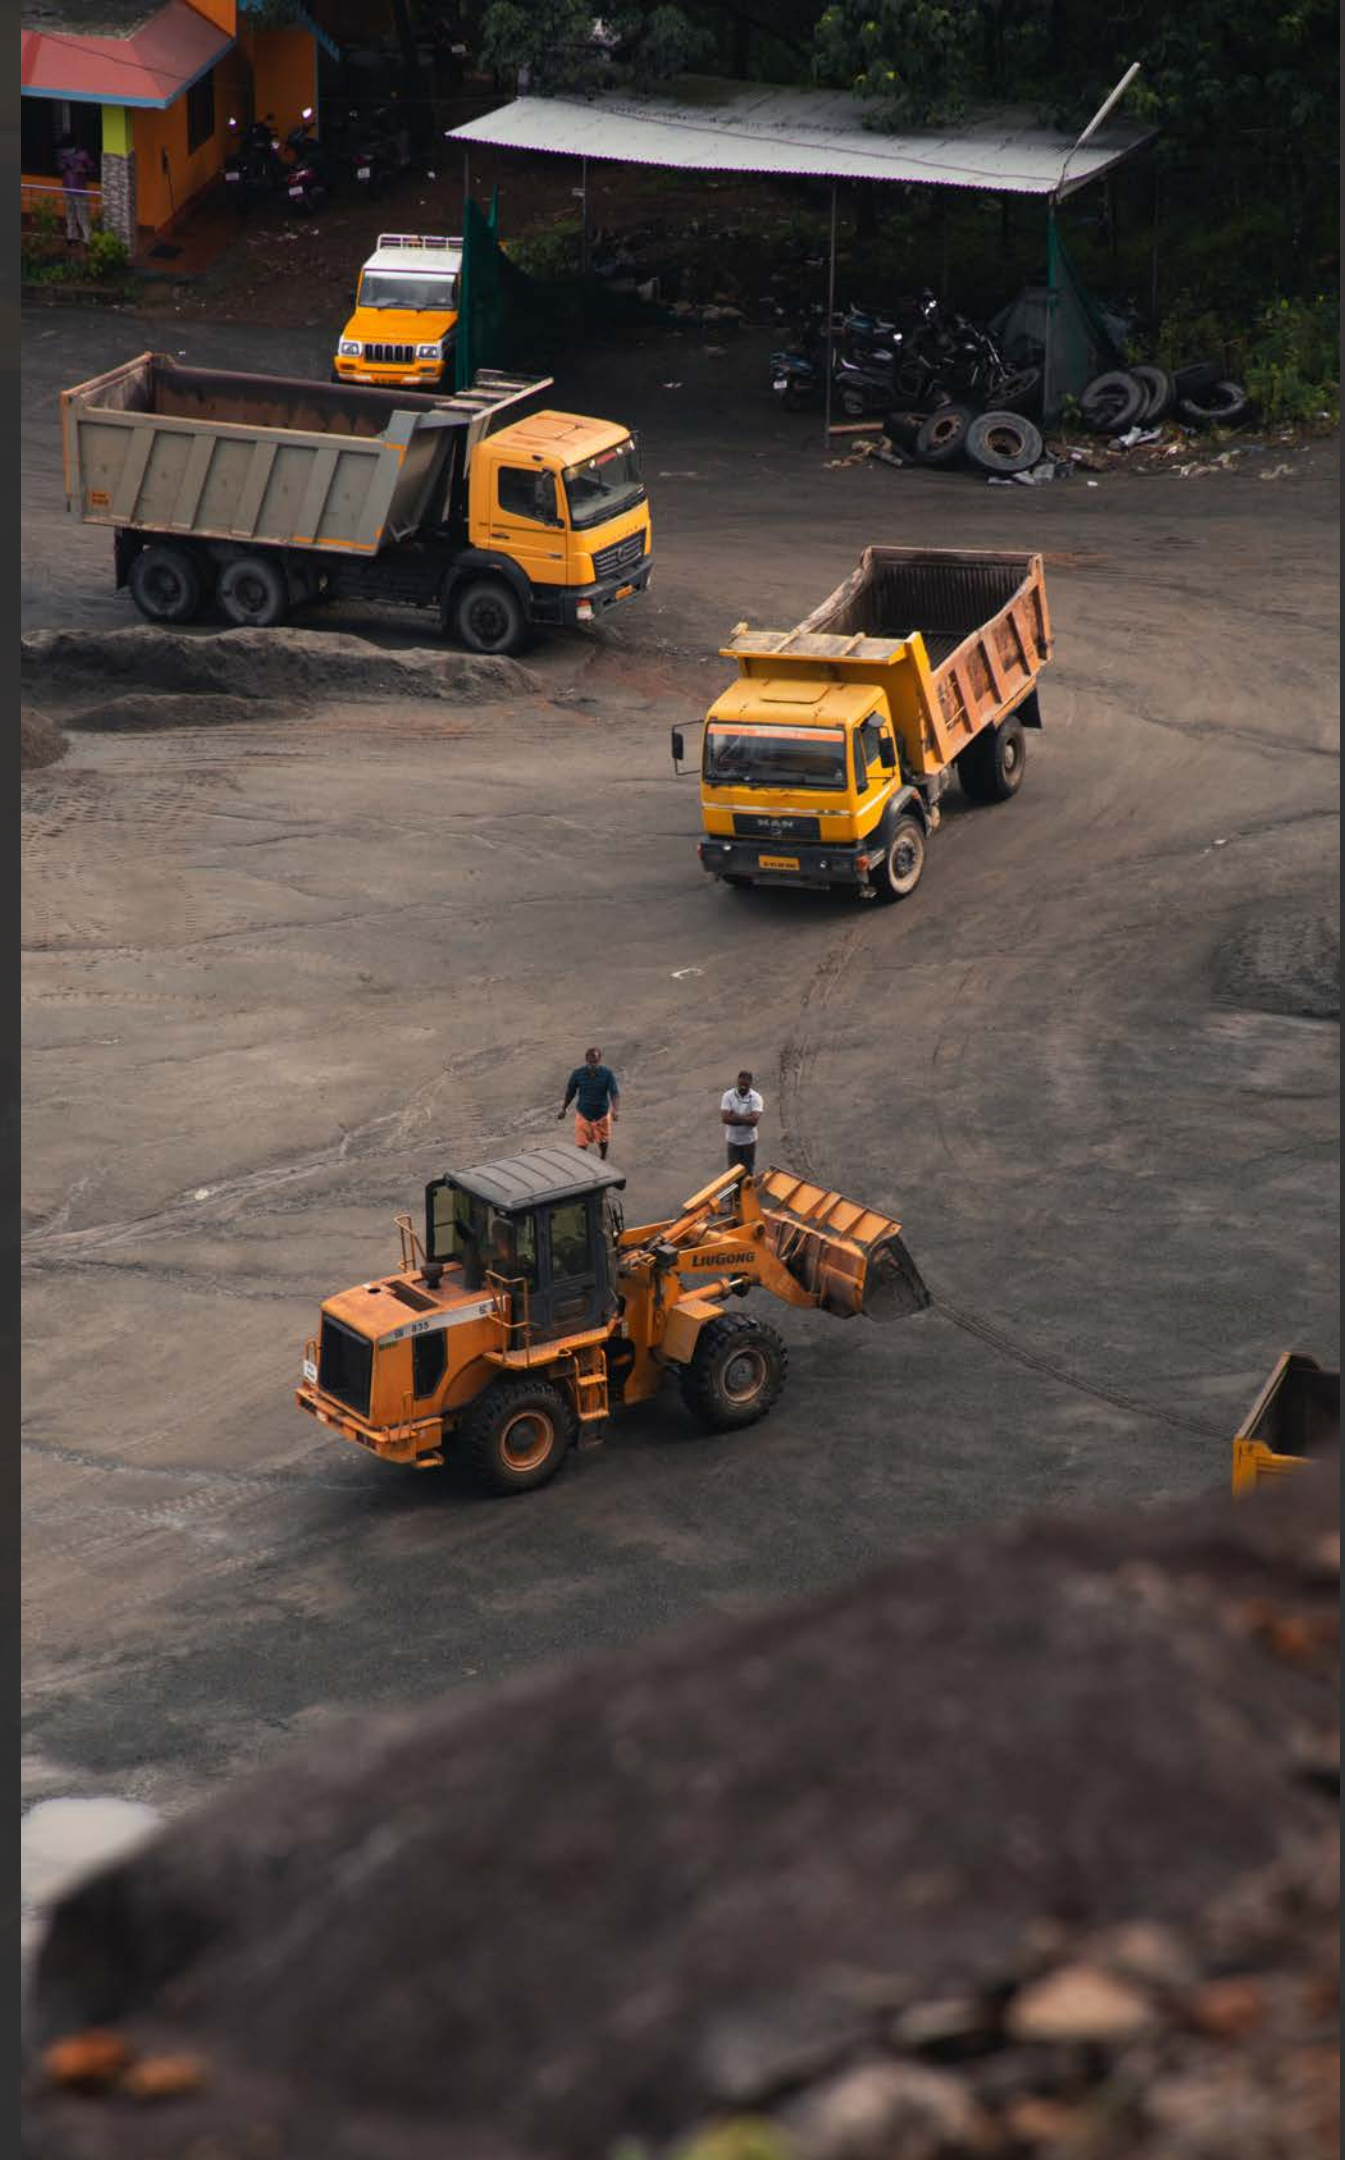

# OUR PARTNERSHIP

"Success is best when it's shared"

Foster APC's collaboration with XTHRA Tires, Brazil strengthens our position in the market, giving us access to innovative research and development in tire manufacturing.

This partnership empowers us to continuously improve our product range and stay ahead in the ever-evolving industry.

# OUR PRODUCTS

Foster APC offers an extensive selection of tires designed specifically for mining & construction applications.

## OTR TIRES

We specialize in giant radial OTR tires ranging from 20 to 36 inches, providing superior performance and durability in demanding mining environment.

## BIAS STEEL BELTED TIRES

we also supply Bias Steel Belted Tires, with our biggest size being the impressive 70/70-57, catering to heavy-duty machinery requirements.

# BENEFITS OF OTR

## Unmatched Traction

Our giant radial OTR tires deliver exceptional traction on rough terrains, enhancing productivity and safety at mining sites.

## Increased Load Capacity

With robust construction, these tires boast a high load-carrying capacity, reducing downtime and improving operational efficiency.

## Superior Resistance

The specialized rubber compounds and reinforced materials ensure our tires are highly resistant to punctures, cuts, and tears.

# BENEFITS OF BIAS STEEL BELTED TIRES

## Dependable Performance

Our bias steel belted tires are engineered to endure heavy loads and challenging terrains, maintaining excellent performance over time.

## Cost-Effective Solution

These tires provide a cost-effective alternative without compromising on quality, making them an ideal choice for budget-conscious clients.

## Versatility

The 70/70-57 size offers versatility and compatibility with various industrial equipment, allowing seamless integration into existing fleets.

# OUR COMMITMENT TO QUALITY

**"Quality is not an act, it is a habit."**

Foster has established a reputation for quality, offering clearly superior products and services to its customers.

In line with its tradition of pursuing excellence through quality enhancement, Foster has been continuously improving technology, applications and solutions. Through our partnership with Brazil, to source premium materials and cutting-edge technology, we not only seeks to fulfil the ambitions of our customers, but also to add value to their business.

# CUSTOMER-CENTRIC APPROACH

**"Forget about competitors, just focus on Customers"**

We understand the unique challenges faced by the mining and construction sectors, and thus, we take a customer-centric approach to tailor our solutions accordingly.

Our dedicated team is always available to provide personalized assistance, technical support, and timely delivery, ensuring a seamless experience for our clients.

# SUSTAINABLE INITIATIVES

**“Be part of the Solution, not part of the Pollution.”**

Sustainable life is increasingly becoming the everyday norm and Foster APC is committed to sustainable and eco-friendly practices.

Sustainability goes beyond the buzzwords and drives changes to lessen the impact of our business on the planet.

We invest in environmentally responsible manufacturing processes, waste reduction, and recycling initiatives, contributing to a greener and more sustainable future.

# WHY WORK WITH US

## "We are your trusted Partner"

Foster APC is your trusted local partner for high-quality tires tailored to the specific needs of mining & construction in Azerbaijan.

With a wide range of giant radial OTR tires and bias steel belted options, we provide reliable solutions that enhance productivity and safety while optimizing costs.

Partner with Foster APC today and experience the power of innovation, quality, and customer satisfaction.
